I use Discount Solo 401k for my own 401k plan. I'm so relieved to have this team keep my plan documents up to date. And each time I have questions, they are incredibly responsive. They are a great resource for small business.

Justin at Discount Solo 401K did a great job establishing solo 401k plans for my business partner and myself. Justin customized the plan to suit our needs. He was highly responsive to any questions or issues we had. He was available to assist us through the establishment of the 401k, the establishing of bank accounts, the transferring of funds from our IRAs and the signing of the loan documents. If you want to establish a high quality plan at a reasonable price I highly recommend Justin at DiscountSolo401K.com.

Discount Solo 401K was a pleasure to work with. They were fast, responsive, courteous, and professional. All email correspondence was quickly responded to. Reaching them on the phone was no problem. They helped set up an account for me during the end of the year Holiday Season and made sure it was done on time. Justin knew what he was talking about and was able to answer all my questions easily. My bank readily accepted their paperwork to set up the account. The way the account is structured, other than the set-up fee going to Discount Solo 401K, all other account funding is handled directly by the consumer which makes it much more comfortable.
